## President's Message

First, let me say congratulations to all of our members who qualified and participated in the PFHA Grand National Show at the Agricenter International in Memphis, TN. In addition to the typical classes at the show, there were also many recreational rider activities as well. They included a Trail Obstacle Challenge, Horse Soccer, and the Cowboy Mounted Shooting Competition. Oh, and let's not forget the large race! Rick . . . you should have entered "Crazy legs"!! In addition to watching the competition, one of my favorite past times during the week was sampling all the food from the vendors. Whoever would have thought crepes would make such a great meal!! Hopefully many of you had the opportunity to watch the show on "live" streaming. I want to thank all of you who volunteered to help at Nationals. I know Babs Buffington is forever grateful for all the help Mason Dixon provided in handing out ribbons. (*"You all were so professional and the you've no idea how many people told me what a great group we had doing our awards, and how nice it was to see people who knew what they were doing."* - Babs )

Only a week after the end of Nationals, we completed our first show of the new season as part of the Keystone International Livestock Exposition (K.I.L.E.) at the Farm Show Complex in Harrisburg, Pa. Timing unfortunately, was not optimal for us and attendance was down. Hopefully next year, scheduling will be better.

Our next event is the Annual Meeting and Banquet on November 5th beginning at 3 pm. This is an opportunity to meet members from other locations within our region and to share how you enjoy your Paso Fino. It is also an opportunity to have your voice heard regarding our association and the direction it is heading. This past year I have not been engaged as much as I had hoped to be as President. However, I am very interested in hearing your thoughts on how we can do a better job at promoting this wonderful breed.

With that, I hope to see many of you at Middlefield Farm in Taneytown, MD. Lisa and Keith Gorsuch have once again been gracious enough to host the event for us. Please mark the date on your calendar and make your favorite dish to share with the crowd.

Hope to see you there!

*Karen*

## THE EDITOR'S CORNER:

Delivering valuable content, of interest to our membership, is the goal of the Power Glide. As the current Editor of this publication, I am working to develop recurrent topics of interest for both our Show-oriented members as-well-as our Recreational Riders. As you page through this issue, you will have the opportunity to learn about activities in which our members participate, their farms, where they board, how they promote the Paso Fino publicly and commercially, and what services are available through advertisements; in short, who we are as Mason Dixon PFHA members.

I encourage you to read about our membership and consider making a literary contribution to the Special Interest columns of your choice. You are welcome to submit your articles and images to [mdpasofino@zoominternet.net](mailto:mdpasofino@zoominternet.net). Know that length limitations (2 pages) and the number of images included (6) have been established for each column. *Diane*

## Diane & Enrique's Desert Adventures!

Where we last left off, I had given you a short update as to our semi-retirement and move to the Desirable Desert Hills Horse Community near Cave Creek AZ. Now the real fun has begun.

August was hot hot hot! And I am not talking the Macarena here. The temperatures were 115 degrees almost every day of August. That made even the nights and early AM times hot, so we did little to no riding. However September began the cool down, and by the end of September you saw houses that you had originally thought vacant just come alive with horse trailers, horses and bustling activity.

We also got delivery and set up of our custom Round Pen thanks to AZ Stall Pros, a neighbor right down Carefree Highway.

We did start racking up miles in the Renegade Hoof Boots, of which I can highly recommend. Enrique GAITS in a pair on the front feet only and we go bare on the back. They stay on with that peculiar pasoway of going, and are light and quiet. The truly exciting day was when we met our new friend SUE and her lovely bay paso gelding Serio! WHAT A PAIR! We literally ran into them in the City Of Phoenix Sonoran Preserve and we have been steady riding buddies every since. The weather has been glorious.

Sue has lived here for 20 years and knows all the trails, and tends to ride right across the open desert. She has a plan, and is sticking to it. Her horse is a trail riding fool like Enrique! We have been under I -17 at Dead Mans Wash, and north of Desert Hills near the Base of Anthem Mountain. We have gone south through the Tramonto Development and south of Carefree Highway with the City of Phoenix in the distance. I actually saw my first rattle snake, (dead), in the City of Phoenix Sonoran Preserve just along the trail we were using. It looked like a horse had stepped on it and killed it.

We had a Haboob last week that left Enrique with a slight upper respiratory, and the vet says no temp. and no discernable congestion due to MUCINEX MUCINEX MUCINEX so we will be BACK IN ACTION. Sadly this was our weekend to ride with the Lone Rangers Singles Riding Club in Payson, and we had to cancel due to his cold. Next month it's a North Cave Creek Location. I will update you about that adventure as soon as I upload the photos! I have included more fun photos for your viewing pleasure and want to assure you that the Sonoran Desert is a spectacular place to ride!

*Diane & Enrique*

## What's Goin' On?

Dear Mason Dixon Paso Friends,

I hope that you had a nice summer. As time permits I've been trying to catch up with fellow members to see what interesting things they have been up to. Happily, I heard from Susan Data-Samtak recently. Those of you who have been around awhile know Susan. She's the gal who started Paso Fino Horse Association's Paso's for Pleasure Program back in the 90's. She also started our MDPFHA Trail Blazers Program. With all of the rain and hot humid weather we had this summer, I wondered what Susan and her Paso, Torbellino, have been up to.

John aboard Zorro and Susan mounted on Torbellino

Susan and her husband John and their Pasos Torbellino and Zorro participated in something really cool. Have you heard of Mounted Orienteering? It is sort of like a mounted treasure hunt. You combine horsemanship, map reading and using a compass to find 5 to 10 hidden markers or Objective Stations. They are usually 9" paper plates that contain letters. You find the markers, write down the letters, ride a 5 to 8 mile course and get back in good time to win. If you go to these events, there is often a short course and a long course. Check out [www.nacmo.org](http://www.nacmo.org) for more in-

Waiting for the Memorial Day Parade to begin: Looking through Tor's ears at the Wells Fargo Coach

formation. Can't you just see our smooth gaited and smart horses excelling at this?

Susan and John also participated in a series of three Trail Events out of Sleepy Hollow Stable in Somerset County, NJ in April, May and June. Believe it or not the group raised and donated \$2160 to the Breast Cancer Coalition.

Remember those Hunter riders dressed in red and black that would ride and jump cross country trails? Well now there is something called Hunter Paces and Trail Paces that are getting popular in the horse country of New Jersey. John and Susan participated in one of these. There are some really nice

Tartan Day Parade in NYC. What a Landmark!

things about these Paces. One is that there are "go rounds" so you don't have to jump if you don't want to. Also, you don't have to wear those red outfits. The only required attire is a helmet and boots. I'm pretty sure I would wear a little more than just my helmet and boots...maybe I'd dress like Snooky or one of Housewives of New Jersey...then again I wouldn't want to shock the fine citizens of Hunterdon and Somerset Counties.

In July, they went on a Full Moon Ride out of Lord Stirling Stable in Somerset County, NJ. Doesn't that sound like fun?

By the way, there is a **Spookarama** (Trail Pace with optional Halloween Costumes) this weekend at the Bucks County Horse Park in Revere, PA. Susan and John might go. I'll try to get some pictures for you all!

Thank you to Susan and John for sharing their adventures with us. Attached are some great photos from Susan and John including a St. Patrick's Day Parade, Tartan Day Parade in NYC, Memorial Day and July 4 Parades. Enjoy!

So... what's been going on at your barn? Inquiring minds want to know...about your Paso Fino! Please write to me at [Solar.206@verizon.net](mailto:Solar.206@verizon.net) or friend me on Facebook.

Your friend,  
*Carolyn*

## Trail Riding Parks and Areas We Love

This is the second in an occasional series of articles on places our members like to trail ride. If you would like to share your favorite place with our members, please contact me and I'll send you a template.—Diane

### Fair Hill NRMA, Cecil County, Maryland

**General Description:** Fair Hill is a 5,633 acre Natural Resources Management Area, where multiple management practices are employed for the maximum use and protection of Maryland's natural resources. Bordered by Pennsylvania to the north and less than one half mile west of Delaware, Fair Hill is known for its pristine fields, woodlands and natural beauty.

At one time one of the largest private land holdings in the East, Fair Hill was formerly owned by William duPont, Jr., an avid equestrian who acquired the farmland as a means to enjoying riding as well as fox chasing. Fair Hill was purchased by the state in 1975 from Mr. DuPont's estate.

Visitors are required to purchase an honor system pass daily (\$3 Maryland residents; \$4 out-of-state visitors) to help offset maintenance and operational costs. A park pass can be obtained from an Honor Box, located in each of the five designated parking lots. (see below)

A blazed trail extends from each parking lot and joins the park's extensive trail system (**approximately 80 miles**). The multi-use trails are open to hikers, mountain bikers and equestrians alike. Guided trail rides, hay rides and stabling are available to the public from the Fair Hill Stables (410-620-3883). A color trail map can be obtained at the park office, or by sending \$6 in a self-addressed stamp envelope.

**Directions:** In Cecil County, exit 100 off Interstate 95 North toward Rising Sun on Route 272 North. Take a right on Rt. 273 and follow to the intersection of Rt. 273 and 213, proceed through the traffic light - Fair Hill entrance to fairgrounds, race barns, Walls Hall and riding stables is 300 yards on the right.

#### **Directions to Honor System Parking Lots for Day Use:**

NOTE: Street addresses are included for GPS navigation, and all are located in Elkton, Maryland.

- Parking Lot #1 (4609 Telegraph Road) - Proceed East on Rt. 273 at the Rt. 273/Rt. 213 intersection for approximately one half mile. Parking lot entrance is directly across Rt. 273 from Entrance Road #2.
- Parking Lot #2 (793 Tawes Drive) - Located at the Covered Bridge. Follow directions at the Fair Hill NRMA office. Continue one mile past the office on Tawes Drive to the Covered Bridge.
- Parking Lot #3 (2895 Appleton Road) - Also known as the North Appleton Parking Lot. From the Rt. 273/Rt. 213 intersection, proceed East on Rt. 273 to the intersection with Appleton Road. Turn left on Appleton Road, proceeding approximately one mile to the intersection of Appleton Road and Black Bridge Road. Parking lot is located immediately on your left.
- Parking Lot #4 (483 Gallaher Road) - Also known as the Gallaher Road Parking Lot. From the Rt. 273/Rt. 213 intersection, proceed East on Rt. 273 to the intersection with Gallaher Road. Turn right on Gallaher Road and proceed to the Gallaher Road/Big Elk Chapel intersection. Parking lot is located at the intersection.
- Parking Lot #5 (1987 Appleton Road) - Also known as the South Appleton Parking Lot. From the Rt. 273/Rt. 213 intersection, proceed East on Rt. 273 to the intersection with Appleton Road. Turn right on Appleton Road, proceeding approximately one half mile. Parking lot is located on the right side of the road.

## Bonnie Austin Moves from PA to NC!

This story began on June 12, 2010 when I was introduced to someone that would change my life as I knew it. Let me back up a bit and tell you where I was and what I was doing up to this point. I retired from teaching Health and Physical Education at the age of 55 after 32 years. Diagnosed with breast cancer at 53, having a double mastectomy, going through two rounds of chemo, then radiation and on into remission, I made the decision to retire early and fill my life with things I liked to do. Living in Honesdale, PA on a 10 acre farm, I had acquired 17 horses, most of them Pasos, 21 alpaca, 2 pet sheep, several Nigerian Dwarf goats, 2 mini pot belly pigs, 3 dogs, 3 cats and a partridge in a pear tree.

Oh wait, it was 6 cockatiels and 3 small parrots. I was hating the Pennsylvania winters more and more every year as I aged.

This person I met was from central North Carolina and a special education teacher dealing with autistic and very special needs children. She had been teaching for 31 years, but in 3 different states so was not in the position to retire. She would have to teach 4 more years in NC before she could get any kind of a retirement pension. We clicked right from the start, having many of the same interests; camping, traveling, horses, dogs, *etc.* It soon became obvious that if we were going to be together, I was the one that would have to make the move so I set my goal on finding good, new homes for most of my pets. Not an easy task with all that I had, but it was finally accomplished leaving me with 3 Pasos and 1 dog to take with me to NC. Of course I could never part with Cosaca or Xena and I had at that time a young newly gelded 5 yr old that still needed a lot more training before he would be ready for anyone. Rocky was a diamond in the rough.

I flew down over Thanksgiving to spend a week there with Laura and start the search for a boarding stable. As luck would have it I found a great place 6 miles from where I would be living that was happy to take my three horses and also let me park my trailer there at no cost. Circle S Stables in Gibsonville has been great to me.

My journey to NC began on December 3, 2010. I had made arrangements with Luis Figueroa to let me stop over night at his place in VA. I continued my journey the next morning and arrived safe and sound at Circle S Stables on December 4, 2010. The only little glitch was a VA State Policeman having an issue with me driving a bit over the speed limit. I donated to the road funds in Pittsylvania County, VA.

My move has been like a dream come true. No more feet of snow, or arena covered with ice, temps below freezing, and winds whipping keeping me from riding my horses. Instead I am able to ride just about every day all winter long mostly just in a sweatshirt or light jacket. The locals complained that it was a bad winter last year. I was loving it. So much nicer than the PA winters I had grown to despise. People ask me how I made the adjustment from taking care of all my animals alone to having them boarded now and I couldn't be happier. I trust the people that take care of my horses, I can go any time I want to ride or just see them and I am no longer saddled with the responsibility of feeding and caring for them twice a day every day. There are trail rides right off the boarding stable plus a county park with groomed equestrian trails just 6 miles from the barn. Several other great trails off to our west in the mountains which offer great views and cooler temps when it is hot here. Boarding also offers the benefit of us being able to travel whenever we like. Laura is a huge Mickey fan so we went to Disneyworld this summer and camped at Fort Wilderness. On our way back home we stopped in to see Robin Ratliff and her mother at their beautiful place.

We are now members of the Piedmont Paso Fino Association and have shown in Lexington, VA, Clemson, SC, and Conyers, GA. Meeting so many other great Paso Fino people. Our first trip to Nationals this year proved to be a successful adventure. At the Conyers show, Henri Ratliff talked me into doing the Versatility class with Cosaca. Something we hadn't done in many years. I did it for her and we did great, qualifying for Nationals. I figured as long as I was there at Nationals I may as well do the Versatility class as well as the Trail class we had come for. Cosaca had a little trouble settling down for the rail work, but we managed to come home with a 6th National Title in Versatility.

The next day was the Trail class. I went into it with great confidence. After all, this was Cosaca's "class". Things don't always go the way we expect them to and Cosaca really messed up the first obstacle. The rest of the course was much better, doing a great side pass between the mailboxes and not even flinching through the hanging tubes or over the bridge and through what was left of the water. Then it was time to wait for the placings.

They first announced the High Point Trail Horse of the Year and to my surprise, Cosaca won it! Then the placings. Unfortunately we were excused without a ribbon. Oh well, there is always next year.

On Saturday there was a Trail Obstacle Challenge held outdoors. Eleven of us competed through six obstacles. Most of them the same people that had competed in the Trail class. Cosaca was back to her normal form and we came away with the Grand National Title, a beautiful hand crafted belt buckle and a \$200 gift certificate from Kuda. I was in heaven. She had done what I knew she can do and proved herself once again.

Laura and I have also started an embroidery business, "Embroidery On The Go". We do ball caps, t-shirts, sweatshirts, jackets, hoodies, tote bags, etc. We have thousands of designs to choose from and we can digitize your design into an embroidery design and stitch it on many products. Just ask Nicole, Rosanne, or Lori to see what we have done for them recently.

Our new showing season starts here on Monday when I take Cosaca and Rocky to the NC State Fair to compete. Then up to Lexington, VA the end of Oct for a competition there.

"LIVE IS GOOD IN NC!!" —Bonnie Austin

# Meet Our Members: Morning Song Farm

**Owners:** Karen Basehore & Diane Dutt

[3225 Orwig Rd. Stewartstown, PA 17363](#)

**Horses:** Cloud Nine Cometa, Zazamora HGF, and Mariana de Promesa

**Farm History and Facilities:** In June, 2007, Karen and Diane, along with Cometa and ZZ, left their home in Souderton, PA (the horses had been living at Hillside Farm with BJ and Gary Schuler) and moved to Fantasy Farm (since renamed), in Stewartstown, PA. The previous owners, Carl & Betty Cook, moved to Wyoming, along with their Paso Finos.

The farm is over 110 yrs. old and is just under 4 ac in size. There are 4 stalls in the bank barn, an indoor warm-water wash stall (under construction), stallion barn (1 horse), dry lot, heated tack shed, round pen and 3 pastures.

We are new to "farm life" and are learning something important every day. For example: always wear a hat when spreading manure; and you can never have too much chain and rope.

The farm is shared with 1 dog (Alex) and 6 cats (Max, Mo, Willow, Chance, Li'l Punkin and The Skoochmeister).

**Horse Activities:** We participate in the 3 Mason-Dixon shows each year (KILE, May Day and the Spectacular) and occasionally compete in other regions, as-well-as the PFHA Grand National Show. We trail ride as time allows and support the PA and MD Horse Expositions as needed.

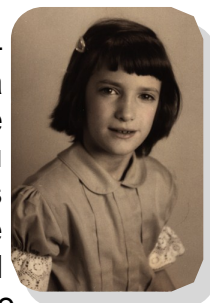

Our current full-time trainer is Rick Shaffer (R&S Paso Finos) in Somerset, PA. Our local trainer, Jim Laird, (Paji Learning Center) provides instruction and training for both horse and rider.

## MDPFHA Activities:

Karen is currently serving as the President of Mason Dixon. Diane serves as the Vice President, tabulates High Point Awards and occasionally organizes parade participation. We are also filling-in as co-writers for the Power Glide.

## Life Beyond the Farm:

Karen works for a Federal Contractor, Alutiq, LLC. In her role as a Strategic Analyst, she supports the Chief of the National Guard Bureau as part of his Strategic Initiatives Group. Karen helps to develop the strategic role of the National Guard at home and abroad. Her workplace is The Pentagon, Washington, DC.

Diane is a Science & Technology Manager for the Dept. of Defense. She manages research projects directed toward the detection, identification and medical treatment for infections caused by bacterial or viral weapons of mass destruction. Her workplaces are Ft. Belvoir, VA and Aberdeen Proving Ground-Edgewood, MD.
